INDEPENDENT AUDITOR'S REPORT

Board of Directors
Centro Binacional Para El Desarrollo
Indigena Oaxaqueno, Inc.
Fresno, California

I have audited the accompanying statements of financial position of Centro Binacional Para El Desarrollo Indigena Oaxaqueno, Inc. (a nonprofit organization) as of September 30, 2008 and the related statement of activities, functional expense, and cash flows for the year then ended. These financial statement are the responsibility of the organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable of financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Centro Binacional Para El Desarrollo Indigena Oaxaqueno, Inc., as of September 30, 2008, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have issued my report March 18, 2009 on my consideration of this Organization's internal control over financial reporting and my test of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audit.

Summary of Significant Accounting Policies (Contd.)

Property and Equipment

Property acquired with contract supported funds is considered to be owned by the Agency while used in the program for which it was purchased or in other authorized programs. However, the government has reversionary interest in the property equal to the share of the contract to which acquisition cost of the property was charged; equipment not fully consumed in the performance of the contract remains the property of the funding source and is considered temporarily restricted. Property and office equipment acquisitions are recorded at cost or, in the case of donated property, at their estimated fair value at date of receipt. Depreciation is computed on the straight- line method over estimated useful lives of the assets, which range from 3-10 years.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Centro Binacional Para El Desarrollo
Indigena Oaxaqueno, Inc.
Fresno, California

I have audited the financial statements of Centro Binacional Para El Desarrollo Indigena Oaxaqueno, Inc., (a nonprofit organization) as of and for the year ended September 30, 2008, and have issued my report thereon dated March 18, 2009. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing my audit, I considered Centro Binacional Para El Desarrollo Indigena Oaxaqueno Inc.'s internal control over financial reporting as a basis for designing my audit procedures for the pupose of expressing my opinion on the financial statements, but not for the purpose of expressing and opinon on the effectiveness of Centro Binacional Para El Desarrollo Indigena Oaxaqueno's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a conrol deficiency or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial date reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.

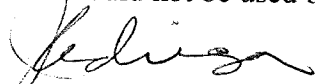

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote like hood that a material misstatement of the financial statements will not be prevented or detected by the organization's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance

As part of obtaining reasonable assurance about whether Centro Binacional Para El Desarrollo Indigena Oaxaqueno, Inc.'s financial statements are free of material misstatement, I performed tests of compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provision was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, the audit committee, Board of Trustees, and federal awards agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
